The undersigned being all the property owners of lands on both sides of Nelson Street between West Washington Street and the St. Mary's river, respectfully request and petition your honorable body to reduce the width of said Nelson Street, between said limits above named, from sixty six (66) feet to fifty (50) feet.

Your petitioners represent that Garden Street and College Street being respectively the streets immediately West and East of said Nelson Street are each fifty (50) feet in width; that the general public cannot in its easements be in any manner injured by said reduction of width; but that the property of your petitioners will be greatly benefited, which will add considerably to the taxable value of the same thereby redounding to the public good. Wherefore your petitioners respectfully ask for such reduction of width as set forth in the premises,
